SPY EYE™

now you can see

Miniature Colour Camera w. Nightvision

Our Minature Spy Eye gives you a chance to see what you've been missing. This camera can be used for a variety of different applications. It is ideal for monitoring callers at your door, checking on sleeping babies, and keeping an extra eye on your car or other property. It is also a great NANNY CAM!

SVAT's SE CMOS IRCO Miniature Spy Eye will see in near total darkness with its 6 infrared LEDs. The SE CMOS IR CO Colour is a versatile camera with a mounting bracket that allows 360° of possible viewing.
